

Multi Zone Walk-Through Metal Detector

Create your
Safe Zone

A young woman with blonde hair, wearing a black and white striped long-sleeved shirt, is raising her right hand in a classroom. She is looking towards the camera with a slight smile. In the background, other students are visible, some with their hands raised, suggesting an interactive learning environment.

The Safe Zone Begins with Garrett

Safe classrooms should not be a question for discussion. Budget friendly and filled with powerful security technology, Garrett's new Multi Zone walk-through metal detector answers the call.

FUNCTION

USER SELECTABLE LANGUAGE

Don't be caught in the dark

Each Garrett Multi Zone walkthrough includes a 1-hour emergency backup battery module. Keep your checkpoint functional in the event of a power outage or AC power disconnect. (A 10-hour operation battery is also available.)

The Power of Choice

This security device provides convenience with affordability. Equipped with optional casters, the Garrett Multi-Zone can be moved quickly for special events. It can be operated on battery power and can be networked for control and monitoring purposes.

Focus on What Matters.
Celebrate your success!
